Ecolite Beams produced from Balsa/MDF core

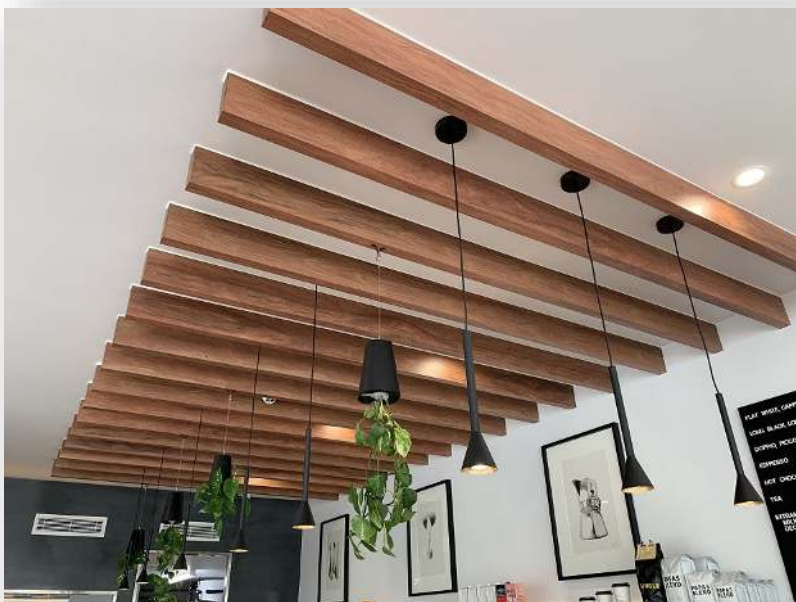

VERSIPANEL

Hoop Pine DP on 9mm FC panels

Concrete DP on MDF panels

Non-Combustible Aluminium with Brush Box DP

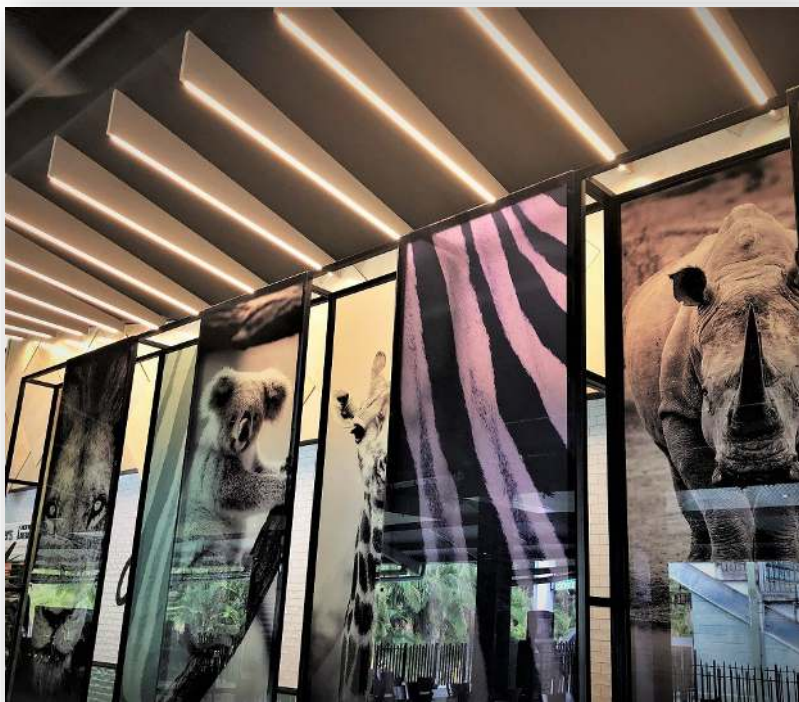

Group 2 FR MDF substrate with Chevron timber

Acoustic Panelling (Non-Combustible)

Plywood Substrate with timber DP

Clear Acrylic panels with DP

Black core Foamboard with Walnut DP

Custom Tiles on CFC with DP

Gen-Eco's Creative Imagery process can utilise the following formats:

- **JPEG/TIFF** files
(highest resolution = best results)
- **VECTOR**
- **SCAN** (timber, fabric etc)

Often clients will supply images from stock libraries such as SHUTTERSTOCK or ISTOCK
